

2020-2021 HARRINGTON PARK GOALS

District Goals

To prepare various plans for the Harrington Park School District which offers different ways of teaching in September based upon the parameters set by the Department of Education.

To implement a plan and measure the successes and challenges of the plan and make changes when necessary.

Strategies:

- To consider all programmatic implications of teaching in-person and virtually
- To consider the health and welfare of all students and staff
- To consider the needs of all students including special needs students
- To determine how to address co-curricular activities (ie. sports, band, chorus, debate)
- To develop a professional development plan which adequately trains the staff
- To educate and involve the community and parents as to the plan and process

Board Goals

To support the administration and staff in the implementation of a COVID plan for opening the schools in September and continue educating Harrington Park students.

Strategies:

- To provide the resources necessary to implement the plan
- To communicate and educate the community and parents as to the details of the plan
